 - Fall Fellowship is less than a month away, which makes this the perfect time to focus on brotherhood completion and achieving our goal of high performing. On August 6, an email was sent to all chapter chiefs and advisors (via chapter email address) with their brotherhood eligible youth, contact information, a call log, a request to respond with the plan for brotherhood completion, and a form to fill out with contact info for both elections, and ordeal youth and advisors. I would like to thank Huracan and Oussana for responding; I am still awaiting responses from Lemi, Wewa, Nefkete, Micco, and Kikape. **IF YOU HAVE NOT DONE SO ALREADY, PLEASE RESPOND BETWEEN LLD AND BANQUET.** Additionally, the unit election portal opens the first week of September. Today each and every member present at LLD was instructed on how to Schedule, Prepare, Conduct, and Report unit elections. These members are valuable resources and should be fundamental components of election teams. For many of our leaders like myself, assisting in the unit election process is a great opportunity to begin their leadership journey in the Order. As such, please be sure to invite and encourage newer members interested in getting involved to work on election teams (but make sure that they are with an experienced member). Please start to work on the election process early, and make sure to reach out as you have issues arise.
 - Lastly, please make sure to ensure the great work of calling brotherhood eligible members, and review the table below for our numbers. (***Table located at the bottom of the report***)
